

SUMMARY OF FISHERY MANAGEMENT PLAN BIOLOGICAL OPINIONS					
Fishery	Possible Gear Interaction	Jeopardy Finding?	Incidental Take Statement	Date of Most Recent Biological Opinion	Notes
American Lobster	Trap/pot	right whale from trap/pot gear (06/14/01 BiOp)	10/31/02 BiOp <ul style="list-style-type: none"> <li>• 2 takes (lethal or non-lethal) of loggerhead sea turtles</li> <li>• 9 takes (lethal or non-lethal) of leatherback sea turtles <i>biennially</i></li> </ul>	10/31/02	Reinitiated on 07/29/03
Atlantic herring	Gillnet and trawl		09/17/99 BiOp <ul style="list-style-type: none"> <li>• 6 takes (up to 3 lethal) of loggerhead sea turtles</li> <li>• 1 take (lethal or non-lethal) of green sea turtle</li> <li>• 1 take (lethal or non-lethal) of Kemp's ridley sea turtle</li> <li>• 1 take (lethal or non-lethal) of leatherback sea turtle</li> </ul>	09/17/99	Reinitiated on 03/23/05
Atlantic sea scallops	Scallop dredge and Scallop trawl		12/15/04 BiOp <ul style="list-style-type: none"> <li>• 749 takes of which up to 479 will be lethal (includes serious injuries that are injuries eventually leading to death or resulting in the turtles' failure to reproduce) of loggerhead sea turtles from scallop <i>dredge</i> gear</li> <li>• 3 takes (lethal or non-lethal) of loggerhead sea turtles from scallop <i>trawl</i> gear</li> <li>• 1 take (lethal or non-lethal) of leatherback sea turtles from scallop <i>trawl</i> gear</li> </ul>	12/15/04	
Bluefish	Gillnet, trawl, and pound net		07/02/99 BiOp <ul style="list-style-type: none"> <li>• 6 takes (up to 3 lethal) of loggerhead sea turtles</li> <li>• 6 takes (lethal or non-lethal) of Kemp's ridley sea turtles</li> <li>• 1 take of shortnose sturgeon</li> </ul>	07/02/99	
Horseshoe crab (experimental)	Trawl		10/03/01 BiOp <ul style="list-style-type: none"> <li>• 43 takes (non-lethal) of loggerhead sea turtles</li> <li>• 3 takes (non-lethal) of Kemp's ridley sea turtles</li> <li>• 1 take (non-lethal) of green or leatherback sea turtle</li> </ul>	10/03/01	
Jonah crab (experimental)	Trap/pot	right whale from trap/pot gear (08/13/02 BiOp)	08/13/02 BiOp <ul style="list-style-type: none"> <li>• 6 takes (lethal or non-lethal) of leatherback sea turtles during <i>three-year</i> experimental fishery</li> </ul>	08/13/02	

SUMMARY OF FISHERY MANAGEMENT PLAN BIOLOGICAL OPINIONS					
Fishery	Possible Gear Interaction	Jeopardy Finding?	Incidental Take Statement	Date of Most Recent Biological Opinion	Notes
Monkfish	Gillnet and trawl	right whale from sink gillnet gear (06/14/01 BiOp)	04/14/03 BiOp <ul style="list-style-type: none"> <li>• 3 takes of loggerhead sea turtles from monkfish <i>gillnet</i> gear</li> <li>• 1 take of non-loggerhead sea turtle (green, Kemp's ridley, or leatherback) from monkfish <i>gillnet</i> gear</li> <li>• 1 sea turtle (loggerhead, green, Kemp's ridley, or leatherback) from monkfish <i>trawl</i> gear</li> </ul> Log, leath, Kemp's, green (06/14/01); log, leath, Kemp's, green (05/14/02); log, leath, Kemp's, green (04/14/03)	04/14/03	
Northeast Multispecies	Gillnet	right whale from gillnet (primarily sink) gear (06/14/01 BiOp)	06/14/01 BiOp <ul style="list-style-type: none"> <li>• 1 take (lethal or non-lethal) of loggerhead sea turtle (all gear types)</li> <li>• 1 take (lethal or non-lethal) of green, leatherback, <i>or</i> Kemp's ridley sea turtles</li> </ul>	06/14/01	
Red Crab	Trap/pot		02/06/02 BiOp <ul style="list-style-type: none"> <li>• 1 take (lethal or non-lethal) of loggerhead sea turtle</li> <li>• 1 take (lethal or non-lethal) of leatherback sea turtle</li> </ul>	02/06/02	
Skates	Bottom otter trawl and gillnet		07/24/03 BiOp <ul style="list-style-type: none"> <li>• 1 take of loggerhead, leatherback, green, <i>or</i> Kemp's ridley sea turtle</li> </ul>	07/24/03	
Squid/Mackerel/ Butterfish	Gillnet, trawl, pelagic longline, pound net, pot/trap, and dredge		04/28/99 BiOp <ul style="list-style-type: none"> <li>• 6 takes (up to 3 lethal) of loggerhead sea turtles</li> <li>• 2 takes (lethal or non-lethal) of green sea turtles</li> <li>• 2 takes (lethal or non-lethal) of Kemp's ridley sea turtles</li> <li>• 1 take (lethal or non-lethal) of leatherback sea turtle</li> <li>• 3 takes (up to 1 lethal) of shortnose sturgeon</li> </ul>	04/28/99	

SUMMARY OF FISHERY MANAGEMENT PLAN BIOLOGICAL OPINIONS					
Fishery	Possible Gear Interaction	Jeopardy Finding?	Incidental Take Statement	Date of Most Recent Biological Opinion	Notes
Spiny Dogfish	Sink gillnet and trawl	right whale from sink gillnet gear (06/14/01 BiOp)	06/14/01 BiOp <ul style="list-style-type: none"> <li>• 3 takes (up to 2 lethal) of loggerhead sea turtles</li> <li>• 1 take (lethal or non-lethal) of green sea turtle</li> <li>• 1 take (lethal or non-lethal) of leatherback sea turtle</li> <li>• 1 take (lethal or non-lethal) of Kemp's ridley sea turtle</li> </ul>	06/14/01	
Summer Flounder/Scup/Black Sea Bass	Trap/pot Trawl		12/06/01 BiOp <ul style="list-style-type: none"> <li>• 19 takes (up to 5 lethal) of loggerhead sea turtles</li> <li>• 2 takes (lethal or non-lethal) of green sea turtles</li> </ul>	12/06/01	Reinitiated on 10/18/02
Surfclams/Ocean Quahogs	-----No Formal Section 7 Consultations Necessary-----				
Tilefish	Bottom longline and otter trawl		03/13/01 BiOp <ul style="list-style-type: none"> <li>• 6 takes (up to 3 lethal or having ingested the hook) of loggerhead sea turtles</li> <li>• 1 take (lethal or non-lethal, includes having ingested the hook) of leatherback sea turtle</li> </ul>	03/13/01	

Notes: All Incidental Take Statements are *annual* allowable takes unless otherwise noted.

BiOp = Biological Opinion
